Implementation Date: On or after February 1, 2024

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
Saratoga PA EWSD Switch	5400 Woodland Avenue Philadelphia, PA 19143	PHLAPASADS0
Market PA C20 Switch	900 Race Street Philadelphia, PA 19107	PHLAPAMKPS2

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Saratoga PA EWSD switch are associated with CLLI code PHLAPASADS0 and will not be repeated throughout this notice.
- All references to the Market PA C20 switch are associated with CLLI code PHLAPAMKPS2 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Saratoga PA EWSD switch, located at 5400 Woodland Avenue, Philadelphia, PA 19143, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Saratoga PA EWSD switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than January 5, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Saratoga PA EWSD switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Saratoga PA EWSD switch (**on or after February 1, 2024**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Saratoga PA EWSD switch to reflect the Market PA C20 switch as the new home switch. All ASRs for the Market PA C20 switch must carry the project code of **PHLAPASADS0**.
